Who is soliciting my vote?

Our Board of Directors is soliciting your vote for the Annual Meeting.

When is the record date for the Annual Meeting?

The record date for determination of stockholders entitled to vote at the Annual Meeting is the close of business on April 12, 2022.

How many votes can be cast by all stockholders?

There were 101,286,295 shares of our common stock, par value \$0.0001 per share, outstanding on April 12, 2022, all of which are entitled to vote with respect to all matters to be acted upon at the Annual Meeting. Each stockholder of record is entitled to one vote for each share of our common stock held by such stockholder. None of our shares of undesignated preferred stock were outstanding as of April 12, 2022.

How do I vote my shares without attending the Annual Meeting?

If you do not wish to vote in person or will not be attending the Annual Meeting, you may vote by proxy. You can vote by proxy over the Internet (www.proxyvote.com) or by telephone (**1-800-690-6903**) by following the instructions provided in the proxy materials, or you can vote by mailing your proxy as described in the proxy materials. If you complete and submit your proxy before the Annual Meeting, the persons named as proxies will vote the shares represented by your proxy in accordance with your instructions. If you submit a proxy without giving voting instructions, your shares will be voted in the manner recommended by our Board of Directors on all matters presented in this proxy statement, and as the persons named as proxies may determine in their discretion with respect to any other matters properly presented at the Annual Meeting.

If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named in your proxy and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. We do not currently anticipate that any other matters will be raised at the Annual Meeting.

Stockholders who have completed registration will receive an email with further instructions, including a unique link to access the Annual Meeting.

The live audio webcast of the Annual Meeting will begin promptly at 10:00 a.m. Eastern Time. As part of the Annual Meeting, we will hold a question-and-answer session, during which we intend to answer questions submitted during the meeting in accordance with the Annual Meeting's Rules of Conduct that are pertinent to the Company and the meeting matters, as time permits. Questions and answers will be grouped by topic and substantially similar questions will be grouped and answered once. Only stockholders who register and subsequently log in to attend the Annual Meeting will be able to ask questions at the Annual Meeting.

How do I revoke my proxy?

You may revoke your proxy by (1) following the instructions in the proxy materials and entering a new vote by mail that we receive before the start of the Annual Meeting or over the Internet, (2) attending and voting at the Annual Meeting (although attendance at the Annual Meeting will not in and of itself revoke a proxy), or (3) by filing an instrument in writing revoking the proxy or another duly executed proxy bearing a later date with our Corporate Secretary. Any written notice of revocation or subsequent proxy card must be received by our Corporate Secretary prior to the taking of the vote at the Annual Meeting. Such written notice of revocation or subsequent proxy card should be hand delivered to our Corporate Secretary or sent to our principal executive offices at Compass Therapeutics, Inc., 80 Guest Street, Suite 601, Boston, MA 02135, Attention: Corporate Secretary.

If a broker, bank, or other nominee holds your shares, you must contact such broker, bank, or nominee to find out how to change your vote.

How is a quorum reached?

Our Amended and Restated Bylaws provide that a majority of the shares entitled to vote, present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting.

Under the General Corporation Law of the State of Delaware, shares that are voted "abstain" or "withheld" and broker "non-votes" are counted as present for purposes of determining whether a quorum is present at the Annual Meeting. If a quorum is not present, the meeting may be adjourned until a quorum is obtained.

How is the vote counted?

Under our Amended and Restated Bylaws, any proposal other than an election of directors (which is decided by a plurality of votes) is decided by a majority of the votes properly cast for and against such proposal, except where a larger vote is required by law or by our Amended and Restated Certificate of Incorporation or our Amended and Restated Bylaws. Abstentions and broker "non-votes" are not included in the tabulation of the voting results on any such proposal and, therefore, do not have an impact on such proposals. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

[TABLE OF CONTENTS](#)

If your shares are held in “street name” by a brokerage firm, your brokerage firm is required to vote your shares according to your instructions. If you do not give instructions to your brokerage firm, the brokerage firm will still be able to vote your shares with respect to certain “discretionary” items but will not be allowed to vote your shares with respect to “non-discretionary” items. Proposal No. 1 is a “non-discretionary” item. If you do not instruct your broker how to vote with respect to this proposal, your broker may not vote for this proposal, and your vote will be counted as a broker “non-vote.” Proposal No. 2 is a discretionary item, and your brokerage firm will be able to vote on this proposal even if it does not receive instructions from you.

Who pays the cost for soliciting proxies?

We are making this solicitation and will pay the entire cost of preparing and distributing the proxy materials and soliciting votes. Our officers and employees may, without compensation other than their regular compensation, solicit proxies through further mailings, personal conversations, facsimile transmissions, e-mails, or otherwise.

How may stockholders submit matters for consideration at an annual meeting?

The required notice must be in writing and received by our corporate secretary at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year’s annual meeting. However, in the event that the date of the annual meeting is advanced by more than 30 days, or delayed by more than 60 days, from the first anniversary of the preceding year’s annual meeting, or if no annual meeting were held in the preceding year, a stockholder’s notice must be so received no earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of (A) the 90th day prior to such annual meeting and (B) the tenth day following the day on which notice of the date of such annual meeting was mailed or public disclosure of the date of such annual meeting was made, whichever first occurs.

In addition, any stockholder proposal intended to be included in the proxy statement for the next annual meeting of our stockholders in 2023 must also satisfy the requirements of Rule 14a-8 under the Exchange Act and be received not later than December 28, 2022. If the date of the annual meeting is moved by more than 30 days from the date contemplated at the time of the previous year’s proxy statement, then notice must be received within a reasonable time before we begin to print and send proxy materials. If that happens, we will publicly announce the deadline for submitting a proposal in a press release or in a document filed with the SEC.

How can I know the voting results?

We plan to announce preliminary voting results at the Annual Meeting and will publish final results in a Current Report on Form 8-K to be filed with the SEC within four business days following the Annual Meeting.

What is householding?

Some banks, brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of our documents, including the annual report to stockholders and proxy statement, may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of either document to you upon written or oral request to Compass Therapeutics, Inc., 80 Guest Street, Suite 601, Boston, MA 02135, Attention: Corporate Secretary, telephone: (617) 500-8099. If you want to receive separate copies of the proxy statement or annual report to stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address and phone number.

What interest do officers and directors have in matters to be acted upon?

Members of the Board of Directors and executive officers of Compass do not have any interest in any proposal that is not shared by all other stockholders of the Company, except for Proposal No. 2 (nominees to our Board of Directors will be elected).

Who should I call if I have any additional questions?

If you hold your shares directly, please call the Corporate Secretary of Compass Therapeutics at (617) 500-8099. If your shares are held in street name, please contact the telephone number provided on your voting instruction form or contact your broker or nominee holder directly.

Background Information on Compass Therapeutics, Inc.

We were originally incorporated as Olivia Ventures, Inc. (“Olivia”) in the State of Delaware on March 20, 2018. Prior to the Merger (as defined below), Olivia was a “shell company” (as defined in Rule 12b-2 of the Exchange Act).

On June 17, 2020, we completed a merger (the “Merger”) pursuant to an Agreement and Plan of Merger and Reorganization (the “Merger Agreement”), by and among us, Compass Acquisition LLC and Compass Therapeutics LLC, and, as a result, Compass Therapeutics LLC became a wholly owned subsidiary of the Company. Additionally, certain of our wholly-owned subsidiaries, each, a Blocker Merger Sub, merged with and into the applicable blocker entity, or the Blockers, in transactions which we refer to as the Blocker Mergers.

At the effective time of the Merger and the applicable effective time of each Blocker Merger (collectively, the Effective Time”), an aggregate of 31,627,139 shares of its common stock were issued to holders of common membership interests of Compass Therapeutics LLC (including common membership interests issued upon the conversion of preferred membership interests) and 7,428,217 shares of its common stock were issued to the holders of equity interests of the Blockers. Immediately prior to the Effective Time, an aggregate of 4,000,000 of the 5,000,000 shares of our common stock held by pre-Merger stockholders of Olivia Ventures, Inc. were forfeited and surrendered for cancellation. In addition, 2,930,836 shares of our common stock were reserved for issuance under our 2020 Stock Option and Incentive Plan.

On June 25, 2021, we consummated a definitive merger agreement (the “TRIGR Merger Agreement”) with Trigr Therapeutics, Inc. (“TRIGR”), a private biotechnology company. Pursuant to the TRIGR Merger Agreement, through our wholly-owned subsidiaries and a two-step merger structure, we acquired all of the outstanding shares of TRIGR (the “TRIGR Merger”). Consideration payable to TRIGR shareholders at closing totaled an aggregate of 10,265,133 shares of our common stock (after giving effect to elimination of fractional shares that would otherwise be issued). In addition, TRIGR shareholders are eligible to receive, and have received a portion of, certain earnout payments up to \$9 million, as described in more detail in our Annual Report on Form 10-K for the fiscal year ended December 31, 2021.

On November 2, 2021, we sold through an underwritten public offering, 35,715,000 shares of our common stock (the “Follow-On Public Offering”). On December 2, 2021, pursuant to a 30-day option of the underwriters, we sold an additional 3,271,857 shares of our common stock, for a total of 38,986,857 shares of common stock sold as part of the Follow-On Public Offering. The Follow-On Public Offering was made pursuant to our shelf registration statement on Form S-3 (File No. 333-257821), including a base prospectus that was declared effective by the U.S. Securities and Exchange Commission (the “SEC”) on July 20, 2021, as supplemented by a prospectus supplement dated November 1, 2021 that was filed with the SEC on November 3, 2021 (the “Prospectus Supplement”).

PROPOSAL NO. 1 – ELECTION OF CLASS II DIRECTORS

Our Board of Directors currently consists of seven members. In accordance with the terms of our Amended and Restate Certificate of Incorporation and our Amended and Restated Bylaws, our Board of Directors is divided into three classes, class I, class II and class III, with members of each class serving staggered three-year terms.

The members of the classes are divided as follows:

- **Class I Directors:** Ellen V. Chiniara and Mary Ann Gray, and their terms will expire at the annual meeting of stockholders to be held in 2024;
- **Class II Directors:** Philip J. Ferneau, Carl L. Gordon, and Miranda Toledano, and their terms will expire at the Annual Meeting; and
- **Class III Directors:** Thomas J. Schuetz and Stephen Squinto and their terms will expire at the annual meeting of stockholders to be held in 2023.

Upon the expiration of the term of a class of directors, directors in that class will be eligible to be elected for a new three-year term at the annual meeting of stockholders in the year in which their term expires.

Our Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws provide that the authorized number of directors may be changed only by resolution of our Board of Directors. Our Amended and Restated Certificate of Incorporation also provides that our directors may be removed only for cause by the affirmative vote of the holders of at least two-thirds (2/3) of the outstanding shares of capital stock then entitled to vote in an annual election of directors, and that any vacancy on our Board of Directors, including a vacancy resulting from an enlargement of our Board of Directors, may be filled only by vote of a majority of our directors then in office.

Our Board of Directors has nominated Philip J. Ferneau and Carl L. Gordon for election as the class II directors at the Annual Meeting. Each of the nominees are currently directors and have consented to serve as our directors if elected. If the nominees become unable or unwilling to serve, however, the proxies may be voted for a substitute nominee selected by our Board of Directors. On April 22, 2022, Ms. Toledano informed the Board that she will not be standing for reelection at the Annual Meeting. Ms. Toledano will continue to serve as a director until the expiration of her current term at the conclusion of the Annual Meeting.

The biographies of each of the nominees and continuing directors below contain information regarding each such person's service as a director, business experience, director positions held currently or at any time during the last five years and the experiences, qualifications, attributes or skills that caused the Nominating and Corporate Governance Committee of our Board of Directors to determine that the person should serve as a director of Compass. In addition to the information presented below regarding each such person's specific experience, qualifications, attributes and skills that led our Board of Directors and our Nominating and Corporate Governance Committee to the conclusion that he or she should serve as a director, we also believe that each of our directors has a reputation for integrity, honesty and adherence to high ethical standards. Each of our directors has demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment of service to Compass and our Board of Directors. There are no material legal proceedings to which any of our nominees and continuing directors is a party adverse to us or our subsidiary or in which any such person has a material interest adverse to us or our subsidiary.

The proxies will be voted in favor of the above nominees unless a contrary specification is made in the proxy. However, if the nominees are unable to serve or for good cause will not serve as a director, the proxies will be voted for the election of such substitute nominee as our Board of Directors may designate.

Vote Required

The nominees for class II director who receive the most votes (also known as a plurality) will be elected. You may vote either FOR all the nominees, FOR any one of the nominees, WITHHOLD your vote from all the nominees or WITHHOLD your vote from any one of the nominees. Votes that are withheld will not be included in the vote tally for the election of directors. Brokerage firms do not have authority to vote your unvoted shares held by the firms in street name for the election of directors. As a result, any shares not voted by you will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF THE NOMINEES NAMED ABOVE AS CLASS II DIRECTORS, AND PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED IN FAVOR THEREOF UNLESS A STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

Compass’s stockholders are being asked to ratify the appointment by the Audit Committee of our Board of Directors of CohnReznick LLP as Compass’s independent registered public accounting firm for the fiscal year ending December 31, 2022. CohnReznick LLP has served as Compass’s independent registered public accounting firm since 2020.

The Audit Committee is solely responsible for selecting Compass’s independent registered public accounting firm for the fiscal year ending December 31, 2022. Stockholder approval is not required to appoint CohnReznick LLP as Compass’s independent registered public accounting firm. However, our Board of Directors believes that submitting the appointment of CohnReznick LLP to the stockholders for ratification is good corporate governance. If the stockholders do not ratify this appointment, the Audit Committee will reconsider whether to retain CohnReznick LLP. If the selection of CohnReznick LLP is ratified, the Audit Committee, at its discretion, may direct the appointment of a different independent registered public accounting firm at any time it decides that such a change would be in the best interest of Compass and its stockholders.

A representative of CohnReznick LLP is expected to be present at the Annual Meeting and will have an opportunity to make a statement if he or she desires to do so and to respond to appropriate questions from our stockholders.

Vote Required

The affirmative vote of a majority of the votes cast for this proposal is required to ratify the appointment of the Company’s independent public accountant. Abstentions will be counted towards the tabulation of votes cast on this proposal and will have the same effect as a negative vote. Brokerage firms have authority to vote your unvoted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote.

CORPORATE GOVERNANCE

Director Nomination Process

Our Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to serve as directors, consistent with criteria approved by our Board of Directors, and recommending such persons to be nominated for election as directors, except where we are legally required by contract, law or otherwise to provide third parties with the right to nominate.

The process followed by our Nominating and Corporate Governance Committee to identify and evaluate director candidates includes soliciting recommendations from any or all of the following sources: non-management directors, the Chief Executive Officer, other executive officers, third-party search firms or any other source our Nominating and Corporate Governance Committee deems appropriate. The qualifications, qualities and skills that our Nominating and Corporate Governance Committee believes must be met by a committee-recommended nominee for a position on our Board of Directors are as follows:

- Nominees should demonstrate high standards of personal and professional ethics and integrity.
- Nominees should have proven achievement and competence in the nominee’s field and the ability to exercise sound business judgment.
- Nominees should have skills that are complementary to those of the existing board.
- Nominees should have the ability to assist and support management and make significant contributions to Compass’s success.
- Nominees should have an understanding of the fiduciary responsibilities that are required of a member of our Board of Directors and the commitment of time and energy necessary to diligently carry out those responsibilities.

Stockholders may recommend individuals to the Nominating and Corporate Governance Committee for consideration as potential director candidates. Any such proposals should be submitted to our corporate secretary at our principal executive offices no later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the one-year anniversary of the date of the preceding year’s annual meeting and should include appropriate biographical and background material to allow the Nominating and Corporate Governance Committee to properly evaluate the potential director candidate and the number of shares of our stock beneficially owned by the stockholder proposing the candidate. Stockholder proposals should be addressed to Compass Therapeutics, Inc., 80 Guest Street, Suite 601, Boston, MA 02135, Attention: Corporate Secretary. Assuming that biographical and background material has been provided on a timely basis in accordance with our Amended and Restated Bylaws, any recommendations received from stockholders will be evaluated in the same manner as potential nominees proposed by the Nominating and Corporate Governance Committee. If our Board of Directors determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included on our proxy card for the next annual meeting of stockholders. See the section entitled “Stockholder Proposals” below for a discussion regarding submitting stockholder proposals.

We have no formal policy regarding board diversity. Our priority in selection of board members is identification of members who will further the interests of our stockholders through their established record of professional accomplishment, their ability to contribute positively to the collaborative culture among board members, and their knowledge of our business and understanding of the competitive landscape.

Director Independence

On November 2, 2021, our shares of common stock commenced trading on The Nasdaq Stock Market LLC (“Nasdaq”) Capital Market and we intend to comply with Nasdaq’s rules that require a majority of a listed company’s Board of Directors to be comprised of independent directors within one year of listing. In addition, the Nasdaq rules require that, subject to specified exceptions, each member of a listed company’s audit, compensation and Nominating and Corporate Governance Committees be independent and that Audit Committee members also satisfy independence criteria set forth in Rule 10A-3 under the Exchange Act and that Compensation Committee members satisfy independence criteria set forth in Rule 10C-1 under the Exchange Act. Under applicable Nasdaq rules, a director will only qualify as an “independent director” if, in the opinion of the listed company’s Board of Directors, that person does not have a relationship that would interfere with the

TABLE OF CONTENTS

exercise of independent judgment in carrying out the responsibilities of a director. In order to be considered independent for purposes of Rule 10A-3, a member of an Audit Committee of a listed company may not, other than in his or her capacity as a member of the Audit Committee, the Board of Directors, or any other board committee, accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries or otherwise be an affiliated person of the listed company or any of its subsidiaries. In addition, in affirmatively determining the independence of any director who will serve on a company's Compensation Committee, Rule 10C-1 under the Exchange Act requires that a company's Board of Directors must consider all factors specifically relevant to determining whether a director has a relationship to such company which is material to that director's ability to be independent from management in connection with the duties of a Compensation Committee member, including: the source of compensation to the director, including any consulting, advisory or other compensatory fee paid by such company to the director, and whether the director is affiliated with the company or any of its subsidiaries or affiliates.

Our Board of Directors has determined that all members of the Board of Directors except Thomas J. Schuetz are independent directors, including for purposes of the Nasdaq rules and the federal securities laws and regulations. Thomas J. Schuetz is not an independent director under these rules because he is an executive officer of our company. In making such independence determination, our Board of Directors considered the relationships that each non-employee director has with us and all other facts and circumstances that our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director. In considering the independence of the directors listed above, our Board of Directors considered the association of our directors with the holders of more than 5% of our common stock. The composition and functioning of our Board of Directors and each of our committees will comply with applicable Nasdaq requirements and the rules and regulations of the SEC. There are no family relationships among any of our directors and executive officers.

Board Committees

In June 2020, our Board of Directors established an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee operates under a charter that satisfies the applicable standards of the SEC and Nasdaq. Each such committee reviews its respective charter at least annually. A current copy of the charter for each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee is posted on our website at: <https://investors.compasstherapeutics.com/corporate-governance/documents-charters>

The table below shows current membership for each of the standing committees of our Board of Directors.

Audit Committee

Our Board of Directors has determined that each member of the Audit Committee is "independent" for Audit Committee purposes as that term is defined in the rules of the SEC and the applicable Nasdaq rules, and each has sufficient knowledge in financial and auditing matters to serve on the Audit Committee. Our Board of Directors has designated Miranda Toledano as an "Audit Committee financial expert," as defined under the applicable rules of the SEC.

During the fiscal year ended December 31, 2021, the Audit Committee met four times and each of the members attended at least 75% of the meetings of the Audit Committee held during the period for which such person served as a member.

TABLE OF CONTENTS

Pursuant to its written charter, the Audit Committee's responsibilities include:

- appointing, approving the compensation of, and assessing the independence of our independent registered public accounting firm;
- pre-approving auditing and permissible non-audit services, and the terms of such services, to be provided by our independent registered public accounting firm;
- reviewing the overall audit plan with our independent registered public accounting firm and members of management responsible for preparing our financial statements;
- reviewing and discussing with management and our independent registered public accounting firm our annual and quarterly audited financial statements and related disclosures as well as critical accounting policies and practices used by us;
- coordinating the oversight and reviewing the adequacy of our internal control over financial reporting;
- establishing policies and procedures for the receipt, retention and treatment of accounting-related complaints and concerns;
- recommending based upon the Audit Committee's review and discussions with management and our independent registered public accounting firm whether our audited financial statements shall be included in our Annual Report on Form 10-K;
- monitoring the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to our financial statements and accounting matters;
- preparing the Audit Committee report required by SEC rules to be included in our annual proxy statement;
- reviewing all related person transactions for potential conflict of interest situations and approving all such transactions; and
- reviewing earnings releases.

Compensation Committee

Our Board of Directors has determined that each member of the Compensation Committee is "independent" as defined in the applicable Nasdaq rules.

During the fiscal year ended December 31, 2021, the Compensation Committee met twice and each of the members attended 100% of the meetings of the Compensation Committee held during the period for which such person served as a member.

Pursuant to its written charter, the Compensation Committee's responsibilities include:

- annually reviewing and recommending corporate goals and objectives relevant to the compensation of our Chief Executive Officer to our Board of Directors;
- evaluating the performance of our Chief Executive Officer in light of such corporate goals and objectives and recommending to our Board of Directors for determination the compensation of our Chief Executive Officer;
- reviewing and recommending the compensation of our other executive officers to our Board of Directors;
- reviewing and establishing our overall management compensation, philosophy and policy;
- overseeing and administering our compensation and similar plans;
- evaluating and assessing potential and current compensation advisors in accordance with the independence standards identified in the applicable Nasdaq rules;
- retaining and approving the compensation of any compensation advisors;
- reviewing and approving our policies and procedures for the grant of equity-based awards;

TABLE OF CONTENTS

- reviewing and making recommendations to the Board of Directors with respect to director compensation;
- preparing the Compensation Committee report required by SEC rules, if and when required, to be included in our annual report on form 10-K and annual proxy statement; and
- reviewing and discussing with management the compensation discussion and analysis, if and when required, to be included in our annual proxy statement or Annual Report on Form 10-K.

Nominating and Corporate Governance Committee

Our Board of Directors has determined that each member of the Nominating and Corporate Governance Committee is “independent” as defined in the applicable Nasdaq rules.

The Nominating and Corporate Governance Committee, which was formed in June 2020, did not formally meet during the fiscal year ended December 31, 2021, but acted through various written consents and resolutions.

Pursuant to its written charter, the Nominating and Corporate Governance Committee’s responsibilities include:

- developing and recommending to our Board of Directors criteria for board and committee membership;
- establishing procedures for identifying and evaluating board of director candidates, including nominees recommended by stockholders;
- identifying individuals qualified to become members of our Board of Directors;
- recommending to our Board of Directors the persons to be nominated for election as directors and to each of our Board of Director’s committees;
- reviewing and discussing with our Board of Directors the corporate succession plans for the Chief Executive Officer and other key officers;
- developing and recommending to our Board of Directors a set of corporate governance guidelines; and
- overseeing the evaluation of our Board of Directors and management.

The Nominating and Corporate Governance Committee considers candidates for Board of Director membership suggested by its members and the Chief Executive Officer. Additionally, in selecting nominees for directors, the Nominating and Corporate Governance Committee will review candidates recommended by stockholders in the same manner and using the same general criteria as candidates recruited by the committee and/or recommended by our Board of Directors. Any stockholder who wishes to recommend a candidate for consideration by the committee as a nominee for director should follow the procedures described later in this proxy statement under the heading “Stockholder Proposals.” The Nominating and Corporate Governance Committee will also consider whether to nominate any person proposed by a stockholder in accordance with the provisions of our Amended and Restated Bylaws relating to stockholder nominations as described later in this proxy statement under the heading “Stockholder Proposals.”

Our Board of Directors is responsible for filling vacancies on our Board of Directors and for nominating candidates for election by our stockholders each year in the class of directors whose term expires at the relevant annual meeting. Our Board of Directors delegates the identification and evaluation process to the Nominating and Corporate Governance Committee, with the expectation that other members of our Board of Directors, and of management, will be requested to take part in the process as appropriate.

Generally, the Nominating and Corporate Governance Committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisors, through the recommendations submitted by stockholders or through such other methods as the Nominating and Corporate Governance Committee deems to be helpful to identify candidates. Once candidates have been identified, the Nominating and Corporate Governance Committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee may gather information about the candidates through interviews, detailed questionnaires, comprehensive background checks or any other means that the Nominating and Corporate Governance Committee deems to be appropriate in the evaluation process. The Nominating and Corporate Governance Committee then meets as a group to discuss and evaluate the qualities and skills of each candidate,

[TABLE OF CONTENTS](#)

both on an individual basis and taking into account the overall composition and needs of our Board of Directors. Based on the results of the evaluation process, the Nominating and Corporate Governance Committee recommends candidates for our Board of Directors' approval to fill a vacancy or as director nominees for election to our Board of Directors by our stockholders each year in the class of directors whose term expires at the relevant annual meeting.

Board and Committee Meetings Attendance

The full Board of Directors met seven times during 2021. During 2021, each member of our Board of Directors attended in person or participated in 75% or more of the aggregate of (i) the total number of meetings of our Board of Directors (held during the period for which such person has been a director) and (ii) the total number of meetings held by all committees of our Board of Directors on which such person served (during the periods that such person served).

Director Attendance at Annual Meeting of Stockholders

Directors are encouraged to attend the annual meeting of stockholders. We were not required to hold an annual meeting in 2020. All directors attended the 2021 annual meeting.

Policy on Trading, Pledging and Hedging of Company Stock

Certain transactions in our securities (such as purchases and sales of publicly traded put and call options, and short sales) create a heightened compliance risk or could create the appearance of misalignment between management and stockholders. In addition, securities held in a margin account or pledged as collateral may be sold without consent if the owner fails to meet a margin call or defaults on the loan, thus creating the risk that a sale may occur at a time when an officer or director is aware of material, non-public information or otherwise is not permitted to trade in our securities. Our insider trading policy expressly prohibits short sales and derivative transactions of our stock by our executive officers, directors, employees and certain designated consultants and contractors, including short sales of our securities. Our insider trading policy expressly prohibits, without the advance approval of our Audit Committee, purchases or sales of puts, calls, or other derivative securities of the company or any derivative securities that provide the economic equivalent of ownership.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. A current copy of the code is posted on our website under the "Investors" section. If we make any substantive amendments to, or grant any waivers from, the code of business conduct and ethics for any officer or director, we will disclose the nature of such amendment or waiver on our website or in a current report on Form 8-K.

Board of Directors Leadership Structure and Board of Director's Role in Risk Oversight

We have established a role of the chairperson of the Board of Directors, which is held by Carl L. Gordon, and we plan to keep this role separated from the role of Chief Executive Officer. We believe that separating these positions allows our Chief Executive Officer to focus on our day-to-day business, while the chairperson of the Board of Directors will lead the Board of Directors in its fundamental role of providing advice to, and independent oversight of, management. Our Board of Directors recognizes the time, effort and energy that the Chief Executive Officer is required to devote to his position in the current business environment, as well as the commitment required to serve as chairperson of the Board of Directors, particularly as the Board of Directors' oversight responsibilities continue to grow.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including risks relating to our financial condition, development and commercialization activities, operations, strategic direction and intellectual property. Management is responsible for the day-to-day management of risks we face, while our Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, our Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

TABLE OF CONTENTS

The role of the Board of Directors in overseeing risk management is conducted primarily through the committees of the Board of Directors, as disclosed in the descriptions of each of the committees below and in the charters of each of the committees. The full Board of Directors (or the appropriate board committee in the case of risks that are under the purview of a particular committee) discusses with management our major risk exposures, their potential impact on us, and the steps we take to manage them. When a committee of the Board of Directors is responsible for evaluating and overseeing the management of a particular risk or risks, the chairperson of the relevant committee reports on the discussion to the full Board of Directors during the committee reports portion of the next board meeting. This enables the Board of Directors and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

Board Diversity

We believe that it is important that the Board of Directors reflects the diversity of employees, and the communities that we serve. As required by Nasdaq rules that were approved by the U.S. Securities and Exchange Commission in August 2021, we are providing information about the gender and demographic diversity of our directors in the format required by Nasdaq rules.

The information in the matrix below is based solely on information provided by our directors about their gender and demographic self-identification as of April 28, 2022. Directors who indicated that they preferred not to answer a question are shown as “did not disclose gender” or “did not disclose demographic background” below.

Executive Compensation

Compass Therapeutics became our wholly-owned subsidiary upon the closing of the Merger on June 17, 2020, and its senior management became our senior management. The following summarizes the compensation earned by the executive officers of the Company and Compass Therapeutics named in “—*Summary Compensation Table*” below (referred to herein as our “named executive officers”) for the fiscal year ended December 31, 2021.

This section also discusses the material elements of our executive compensation policies and decisions and important factors relevant to an analysis of these policies and decisions. It provides qualitative information regarding the manner and context in which compensation is awarded to and earned by our named executive officers and is intended to place in perspective the information presented in the following tables and the corresponding narrative.

Overview

Historically, our executive compensation program has reflected our growth and corporate goals. To date, the compensation of the named executive officers has consisted of a combination of base salary, annual cash bonus, and long-term equity incentive compensation in the form of incentive units (which were converted to shares of restricted stock at the time of the Merger), stock options and other employee benefits generally available to our employees.

TABLE OF CONTENTS

Our named executive officers for the year ended December 31, 2021 were as follows:

- Thomas J. Schuetz, M.D., Ph.D., Chief Executive Officer;
- Vered Bisker-Leib, Ph.D., MBA, President and Chief Operating Officer; and
- Susan Kalled, Ph.D., Chief Scientific Officer.

Compensation Decisions

Compensation decisions are primarily recommended by the Compensation Committee and approved by the Board of Directors. The Compensation Committee meets at least annually to discuss the progress of the Company toward its strategic and business goals, and performance of the executive management of the Company. In addition, the Compensation Committee determines and approves the compensation of the executive officers, including the named executive officers. The Compensation Committee also meets periodically on an ad hoc basis to address miscellaneous compensation matters.

Elements of Executive Compensation

Base Salaries. Base salaries for the named executive officers are determined annually by the Board of Directors or Compensation Committee, based on the scope of each officer's responsibilities along with his or her respective experience and contributions during the prior year. When reviewing base salaries, the Board of Directors takes factors into account such as each officer's experience and individual performance, the Company's performance as a whole, data from surveys of compensation paid by comparable companies, and general industry conditions, but does not assign any specific weighting to any factor. During fiscal years 2021 and 2020, Dr. Schuetz, elected to receive compensation in the form of equity in lieu of cash compensation in the form of base salary. In 2020, equity compensation was also taken in lieu of a bonus. Dr. Schuetz's 2020 and 2021 base salary reported in the table below was paid to Dr. Schuetz to cover his portion of the Company's group medical insurance costs. In 2022, the Board of Directors approved an annual salary for Dr. Schuetz of \$550,000 with a target bonus of 50% of salary.

In early 2020, Dr. Bisker-Leib was promoted to Chief Operating Officer, and in connection with such promotion, her annual base salary was increased from \$325,000 to \$360,000. In August 2020, Dr. Bisker-Leib was promoted to President and Chief Operating Officer, and in January 2021, Dr. Bisker-Leib's salary was increased from \$360,000 to \$400,000 and her target bonus was increased from 33% to 40% of her base salary. In 2022, Dr. Bisker-Leib's salary was increased from \$400,000 to \$475,000 and her target bonus was increased from 40% to 45% of her base salary.

Dr. Susan Kalled was hired in May 2021 at an annual salary of \$330,000 with a target bonus of 35%. In 2022, Dr. Kalled's salary was increased from \$330,000 to \$340,000.

Annual Cash Bonuses. All of our named executive officers participate in the Compass Therapeutics, Inc. annual cash bonus program, which promotes and rewards the executives for the achievement of key strategic and business goals. For 2020, the Compensation Committee assessed the performance of each of the executive officers and considered the Company's achievement of pre-determined strategic and business goals. Accordingly, Dr. Bisker-Leib received a discretionary cash bonus based on her performance in 2020 equal to \$160,000, which was 133% of her target bonus. As noted above, Dr. Schuetz elected to receive his bonus in additional equity. For 2021, Dr. Schuetz received a discretionary cash bonus based on his performance in 2021 equal to \$450,000. Dr. Bisker-Leib received a discretionary cash bonus based on her performance in 2021 equal to \$320,000, which was 200% of her target bonus. Dr. Kalled received a discretionary cash bonus based on her performance in 2021 equal to \$115,500, which was 100% of her target bonus.

Equity Awards. The Board of Directors believes that equity grants provide executives with a strong link to the Company's long-term performance, create an ownership culture and help to align the interests of executive officers and the Company's equity holders. Accordingly, the Compensation Committee periodically reviews the equity incentive compensation of the named executive officers and from time to time may grant equity incentive awards to them. The following equity was granted by the Board of Directors to Dr. Schuetz: in August 2020, options to purchase an aggregate of 500,000 shares of common stock, in December 2020, options to purchase an aggregate of 250,000 shares of common stock, in February 2021, options to purchase an aggregate of 700,000 shares of common stock, in November 2021, restricted stock units of 600,000 and in February 2022,

options to purchase an aggregate of 700,000. The following equity was granted by the Board of Directors to Dr. Bisker-Leib: in August 2020, options to purchase an aggregate of 600,000 shares of common stock, in February 2021, options to purchase an aggregate of 400,000 shares of common stock, in November 2021, restricted stock units of 600,000 and in February 2022, options to purchase an aggregate of 500,000 shares of common stock. The following equity was granted by the Board of Directors to Dr. Kalled: in May 2021, as part of her offer of employment, options to purchase an aggregate of 260,000 shares of common stock and in February 2022 options to purchase an aggregate of 60,000 shares of common stock.

Other Benefits. The named executive officers are eligible for additional benefits, such as participation in our 401(k) plan, life insurance and health benefits that are generally available to all employees.

Employment Arrangements with our Named Executive Officers

Thomas J. Schuetz, M.D., Ph.D.

Dr. Schuetz, our Chief Executive Officer and co-founder, has been employed by the Company and Compass Therapeutics since June of 2014. As of December 31, 2020, Dr. Schuetz did not have an employment agreement or an employment letter with Compass.

On April 2, 2021, we entered into an employment agreement with Dr. Schuetz (the “Schuetz Agreement”) providing for, among other things, that Dr. Schuetz’s employment with us is “at-will,” and his employment is not for a specified term. The Schuetz Agreement also provides that Dr. Schuetz is eligible to participate in the benefit programs made available to all our employees generally. As noted above, Dr. Schuetz elected to receive compensation in the form of equity in lieu of cash compensation as base salary in 2020 and 2021. Dr. Schuetz’s nominal base salary was intended to cover Dr. Schuetz’s portion of the Company’s group medical insurance costs. In 2022, the Board of Directors approved an annual salary for Dr. Schuetz of \$550,000 with a target bonus of 50% of salary.

Under the Schuetz Agreement, if Dr. Schuetz’s employment is terminated by us other than for “cause” (as defined in the Schuetz Agreement) or if Dr. Schuetz terminates his employment for “good reason” (as defined in the Schuetz Agreement), Dr. Schuetz will receive the following severance benefits: (i) \$500,000; and (ii) up to 12 months of Company-reimbursed Consolidated Omnibus Budget Reconciliation Act (“COBRA”) premiums. In addition, if we terminate Dr. Schuetz other than for cause or if Dr. Schuetz terminates his employment for good reason during the 12-month period following a “change of control” (as defined in the Schuetz Agreement), then, in addition to the benefits in the previous sentence, all outstanding and unvested time-based stock-based awards then held by Dr. Schuetz will accelerate in full. Dr. Schuetz’s right to receive these severance benefits is subject to his providing a release of claims in favor of the Company.

Vered Bisker-Leib, Ph.D., MBA

On November 8, 2017, Compass Therapeutics entered into an offer letter with Dr. Bisker-Leib for the position of Chief Business Officer. Effective January 1, 2020, Dr. Bisker-Leib was promoted to Chief Operating Officer and her base salary was increased from \$325,000 to \$360,000. In connection with this promotion, she received an additional equity award. Effective August 6, 2021, Dr. Bisker-Leib was promoted to the role of President and Chief Operating Officer of the Company, and effective January 1, 2021, Dr. Bisker-Leib’s annual salary was increased from \$360,000 to \$400,000 and her target bonus was increased from 33% to 40% of her annual base salary.

On April 2, 2021, we entered into an employment agreement with Dr. Bisker-Leib (the “Bisker-Leib Agreement”), which supersedes the Offer Letter that we entered into with Dr. Bisker-Leib on November 8, 2017. The Bisker-Leib Agreement provides that, among other things, Dr. Bisker-Leib’s current annual base salary is \$400,000 and she will be eligible to participate in our annual bonus program, with a target opportunity equal to 40% of her base salary. The Bisker-Leib Agreement also provides that her employment with us is “at-will,” her employment is not for a specified term, and she is eligible to participate in benefit programs made available to our employees generally. In 2022, Dr. Bisker-Leib’s salary was increased from \$400,000 to \$475,000 and her target bonus was increased from 40% to 45% of her base salary.

Under the Bisker-Leib Agreement, if Dr. Bisker-Leib’s employment is terminated by us other than for “cause” (as defined in the Bisker-Leib Agreement) or if Dr. Bisker-Leib terminates her employment for “good reason” (as defined in the Bisker-Leib Agreement), Dr. Bisker-Leib will receive the following severance benefits: (i) 12 months of continued base salary payments; and (ii) up to 12 months of Company-reimbursed COBRA premiums. In addition, if we terminate Dr. Bisker-Leib other than for cause or if Dr. Bisker-Leib terminates her

employment for good reason during the 12-month period following a change of control (as defined in the Bisker-Leib Agreement), then, in addition to the benefits in the previous sentence, all outstanding and unvested time-based stock-based awards then held by Dr. Bisker-Leib will accelerate in full. Dr. Bisker-Leib's right to receive these severance benefits is subject to her providing a release of claims in favor of the Company.

Susan Kalled, Ph.D.

On May 3, 2021, we entered into an employment agreement with Dr. Kalled (the "Kalled Agreement"). The Kalled Agreement provides that, among other things, Dr. Kalled's current annual base salary is \$330,000 and she will be eligible to participate in our annual bonus program, with a target opportunity equal to 35% of her base salary. The Kalled Agreement also provides that her employment with us is "at-will," her employment is not for a specified term, and she is eligible to participate in benefit programs made available to our employees generally.

Under the Kalled Agreement, if Dr. Kalled's employment is terminated by us other than for "cause" (as defined in the Kalled Agreement) or if Dr. Kalled terminates her employment for "good reason" (as defined in the Kalled Agreement), Dr. Kalled will receive the following severance benefits: (i) 12 months of continued base salary payments; and (ii) up to 12 months of Company-reimbursed COBRA premiums. In addition, if we terminate Dr. Kalled other than for cause or if Dr. Kalled terminates her employment for good reason during the 12-month period following a change of control (as defined in the Kalled Agreement), then, in addition to the benefits in the previous sentence, all outstanding and unvested time-based stock-based awards then held by Dr. Kalled will accelerate in full. Dr. Kalled's right to receive these severance benefits is subject to her providing a release of claims in favor of the Company.

Employee Benefit Plans

2020 Stock Option and Incentive Plan

Our 2020 Stock Option and Incentive Plan, or the 2020 Plan, was adopted by our Board of Directors and approved by our stockholders on June 17, 2020. The 2020 Plan will allow the Compensation Committee to make equity-based incentive awards to our officers, employees, directors and other key persons, including consultants.

Authorized Shares. We initially reserved 2,930,836 shares of our common stock for the issuance of awards under the 2020 Plan, or the Initial Limit. The 2020 Plan provides that the number of shares reserved and available for issuance under the 2020 Plan will automatically increase each January 1, beginning on January 1, 2021, by the lesser of (i) 4% of the outstanding number of shares of our common stock on the immediately preceding December 31 or (ii) such number of shares as determined by the plan administrator no later than the immediately preceding December 31. As of January 1, 2022, we have 5,015,523 shares of our common stock reserved for the issuance of awards under the 2020 Plan. This number will be subject to adjustment in the event of a stock split, stock dividend or other change in our capitalization. The shares we issue under the 2020 Plan will be authorized but unissued shares or shares that we reacquire. The shares of common stock underlying any awards that are forfeited, cancelled, held back upon exercise or settlement of an award to satisfy the exercise price or tax withholding, reacquired by us prior to vesting, satisfied without the issuance of stock, expire or are otherwise terminated, other than by exercise, under the 2020 Plan will be added back to the shares of common stock available for issuance under the 2020 Plan. The maximum number of shares of common stock that may be issued as incentive stock options in any one calendar year period may not exceed the Initial Limit cumulatively increased on January 1, 2021 and on each January 1 thereafter by the lesser of 4% of the number of outstanding shares of common stock as of the immediately preceding December 31.

Non-Employee Director Limit. The 2020 Plan contains a limitation whereby the value of all awards under the 2020 Plan and all other cash compensation paid by us to any non-employee director may not exceed \$500,000.

Administration. The 2020 Plan will be administered by our Compensation Committee. Our Compensation Committee will have full power to select from among the individuals eligible for awards, the individuals to whom awards will be granted, to make any combination of awards to participants, and to determine the specific terms and conditions of each award, subject to the provisions of the 2020 Plan. The plan administrator is specifically authorized to exercise its discretion to reduce the exercise price of outstanding stock options and stock appreciation rights or effect the repricing of such awards through cancellation and re-grants.

Eligibility. Persons eligible to participate in the 2020 Plan will be those employees, non-employee directors and consultants, as selected from time to time by our Compensation Committee in its discretion.

TABLE OF CONTENTS

Options. The 2020 Plan permits the granting of both options to purchase common stock intended to qualify as incentive stock options under Section 422 of the Code and options that do not so qualify. The option exercise price of each option will be determined by our Compensation Committee but may not be less than 100% of the fair market value of our common stock on the date of grant unless the option is granted (i) pursuant to a transaction described in, and in a manner consistent with, Section 424(a) of the Code or (ii) to individuals who are not subject to U.S. income tax. The term of each option will be fixed by our Compensation Committee and may not exceed 10 years from the date of grant. Our Compensation Committee will determine at what time or times each option may be exercised.

Stock Appreciation Rights. Our Compensation Committee may award stock appreciation rights subject to such conditions and restrictions as it may determine. Stock appreciation rights entitle the recipient to shares of common stock, or cash, equal to the value of the appreciation in our stock price over the exercise price. The exercise price may not be less than 100% of the fair market value of our common stock on the date of grant. The term of each stock appreciation right will be fixed by our Compensation Committee and may not exceed 10 years from the date of grant. Our Compensation Committee will determine at what time or times each stock appreciation right may be exercised.

Restricted Stock and Restricted Stock Units. Our Compensation Committee may award restricted shares of common stock and restricted stock units to participants subject to such conditions and restrictions as it may determine. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment or other service relationship with us through a specified vesting period.

Unrestricted Stock Awards. Our Compensation Committee may grant shares of common stock that are free from any restrictions under the 2020 Plan. Unrestricted stock may be granted to participants in recognition of past services or for other valid consideration and may be issued in lieu of cash compensation due to such participant.

Dividend Equivalent Rights. Our Compensation Committee may grant dividend equivalent rights to participants that entitle the recipient to receive credits for dividends that would be paid if the recipient had held a specified number of shares of common stock.

Cash-Based Awards. Our Compensation Committee may grant cash bonuses under the 2020 Plan to participants, subject to the achievement of certain performance goals.

Sale Event. The 2020 Plan provides that upon the effectiveness of a “sale event,” as defined in the 2020 Plan, an acquirer or successor entity may assume, continue or substitute for the outstanding awards under the 2020 Plan. To the extent that awards granted under the 2020 Plan are not assumed or continued or substituted by the successor entity, the 2020 Plan and all awards granted under the 2020 Plan shall terminate. In such case, except as may be otherwise provided in the relevant award agreement, all options and stock appreciation rights with time-based vesting, conditions or restrictions that are not exercisable immediately prior to the sale event will become fully exercisable as of the sale event, all other awards with time-based vesting, conditions or restrictions will become fully vested and nonforfeitable as of the sale event, and all awards with conditions and restrictions relating to the attainment of performance goals may become vested and nonforfeitable in connection with the sale event in the plan administrator’s discretion or to the extent specified in the relevant award agreement. In the event of such termination, individuals holding options and stock appreciation rights will be permitted to exercise such options and stock appreciation rights (to the extent exercisable) within a specified time period, as determined by the Compensation Committee, prior to the sale event. In addition, in connection with the termination of the 2020 Plan upon a sale event, we may make or provide for a cash payment to participants holding vested and exercisable options and stock appreciation rights equal to the difference between the per share cash consideration payable to stockholders in the sale event and the exercise price of the options or stock appreciation rights; provided, that any options or stock appreciation rights with exercise prices equal to or greater than such per share cash consideration will be cancelled for no consideration. We may also make or provide for a payment, in cash or in kind, to the participants holding other awards in an amount equal to the per share cash consideration payable to stockholders in the sale event multiplied by the number of vested shares of common stock under such awards.

TABLE OF CONTENTS

Amendment. Our Board of Directors may amend or discontinue the 2020 Plan and our Compensation Committee can amend or cancel outstanding awards for purposes of satisfying changes in law or any other lawful purpose, but no such action may adversely and materially affect rights under an award without the holder's consent. Certain amendments to the 2020 Plan or the terms of outstanding options or stock appreciation rights will require the approval of our stockholders.

No awards may be granted under the 2020 Plan after the date that is 10 years from the date on which the 2020 Plan became effective.

As of March 31, 2022, we have granted restricted stock units of 1,200,000 and options to purchase 5,522,883 shares of common stock under the 2020 Plan.

Senior Executive Cash Incentive Bonus Plan

On June 17, 2020, our Board of Directors adopted the Senior Executive Cash Incentive Bonus Plan, or the Bonus Plan, which became effective following the Merger. The Bonus Plan is administered by our Compensation Committee. The Bonus Plan provides for cash bonus payments based upon the attainment of performance targets established by our Compensation Committee. The payment targets will be related to financial and operational measures or objectives with respect to our company, or corporate performance goals, as well as individual performance objectives.

Our Compensation Committee may select corporate performance goals from among the following: developmental, publication, clinical or regulatory milestones and results; cash flow (including, but not limited to, operating cash flow and free cash flow); revenue; corporate revenue; earnings before interest, taxes, depreciation and amortization; net income (loss) (either before or after interest, taxes, depreciation and/or amortization); changes in the market price of our common stock; economic value-added; acquisitions, licenses or strategic transactions; financing or other capital raising transactions; operating income (loss); return on capital, assets, equity, or investment; stockholder returns; return on sales; total shareholder return; gross or net profit levels; productivity; expense efficiency; margins; operating efficiency; customer satisfaction; working capital; earnings (loss) per share of our common stock; bookings, new bookings or renewals; sales or market shares; number of prescriptions or prescribing physicians; coverage decisions; leadership development, employee retention, and recruiting and other human resources matters; operating income and/or net annual recurring revenue, any of which may be (i) measured in absolute terms or compared to any incremental increase, (ii) measured in terms of growth, (iii) compared to another company or companies or to results of a peer group, (iv) measured against the market as a whole and/or as compared to applicable market indices and/or (v) measured on a pre-tax or post-tax basis (if applicable).

Each executive officer who is selected to participate in the Bonus Plan will have a target bonus opportunity set for each performance period. The bonus formulas will be adopted in each performance period by the Compensation Committee and communicated to each executive. The corporate performance goals will be calculated in accordance with our financial statements, GAAP, or under a methodology established by our Compensation Committee at the beginning of the performance period and which is consistently applied with respect to a corporate performance goal in the relevant performance period. The Compensation Committee will measure the corporate performance goals after our financial reports for the applicable performance period have been published or such other appropriate time as the Compensation Committee determines. If the corporate performance goals and individual performance objectives are met, payments will be made as soon as practicable following the end of each performance period. Subject to the rights contained in any agreement between the executive officer and us, an executive officer must be employed by us on the bonus payment date to be eligible to receive a bonus payment. The Bonus Plan also permits the Compensation Committee to approve additional bonuses to executive officers in its sole discretion and provides the Compensation Committee with discretion to adjust the size of the award as it deems appropriate.

Retirement Plan

We offer a 401(k) plan to eligible employees, including our named executive officers. In accordance with this plan, all eligible employees may contribute a percentage of compensation up to a maximum of the statutory limits per year. As of December 31, 2019, we did not make contributions to the plan. We implemented a 4%

matching contribution as of January 1, 2020, as well as a discretionary match. We intend for the 401(k) plan to qualify, depending on the employee's election, under Section 401(a) of the Code, so that contributions by employees, and income earned on those contributions, are not taxable to employees until withdrawn from the 401(k) plan.

Indemnification of Officers and Directors

We have agreed to indemnify our directors and executive officers in certain circumstances. See “Directors, Executive Officers, Promoters and Control Persons—Limitation on Liability and Indemnification Matters.”

Compensation Risk Assessment

We believe that although a portion of the compensation provided to our executive officers and other employees is performance-based, our executive compensation program does not encourage excessive or unnecessary risk taking. This is primarily due to the fact that our compensation programs are designed to encourage our executive officers and other employees to remain focused on both short-term and long-term strategic goals, in particular in connection with our pay-for-performance compensation philosophy. As a result, we do not believe that our compensation programs are reasonably likely to have a material adverse effect on us.

Compensation Committee Interlocks and Insider Participation

The members of our Compensation Committee in 2021 were Carl Gordon and Philip Ferneau. There are no interlocks among our Compensation Committee members.

Equity Compensation Plan Information

Accordingly, on January 1, 2022, the number of shares of common stock reserved and available for issuance under the 2020 Plan increased by 4,052,137. CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Certain Relationships and Transactions

Other than the compensation agreements and other arrangements described under “Executive Compensation” and “Director Compensation” in this proxy statement and the transactions described below, since January 1, 2020, there has not been and there is not currently proposed, any transaction or series of similar transactions to which we were, or will be, a party in which the amount involved exceeded, or will exceed, \$120,000 (or, if less, 1% of the average of our total assets amounts at December 31, 2020 and 2021) and in which any director, executive officer, holder of five percent or more of any class of our capital stock or any member of the immediate family of, or entities affiliated with, any of the foregoing persons, had, or will have, a direct or indirect material interest.

Participation in the Private Placement

On June 19, 2020, we sold 12,096,442 shares of our common stock pursuant to a private placement offering of our common stock at a purchase price of \$5.00 per share (the “Private Placement”). The aggregate gross proceeds from the Private Placement were approximately \$60.5 million (before deducting placement agent fees and other expenses in connection with the Private Placement). Certain of our existing institutional investors, including investors affiliated with certain of our directors, purchased an aggregate of 7.1 million shares of our common stock in the Private Placement, for an aggregate gross purchase price of \$35.5 million. Such purchases were made on the same terms as the shares that were sold to other investors in the Private Placement and not pursuant to any pre-existing contractual rights or obligations.

Participation in the Follow-on Public Offering

On November 2, 2021, we sold through an underwritten public offering, 35,715,000 shares of our common stock (the “Follow-On Public Offering”). On December 2, 2021, pursuant to a 30-day option of the underwriters, we sold an additional 3,271,857 shares of our common stock, for a total of 38,986,857 shares of common stock sold as part of the Follow-On Public Offering. Certain of our existing institutional investors, including OrbiMed,¹ which is affiliated with certain of our directors, purchased shares in the Follow-On Public Offering. Such purchases were made on the same terms as the shares that were sold to other investors in the Follow-On Public Offering and not pursuant to any pre-existing contractual rights or obligations.

Indemnification Agreements and Directors’ and Officers’ Liability Insurance

We have entered into indemnification agreements with each of our directors and executive officers. These agreements, among other things, require us to indemnify each director and executive officer to the fullest extent permitted by Delaware law, including indemnification of expenses, such as attorneys’ fees, judgments, fines and settlement amounts incurred by the director or executive officer in any action or proceeding, including any action or proceeding by or in right of us, arising out of the person’s services as a director or executive officer.

Employment Arrangements

See “Corporate Governance – Employment Arrangements with our Named Executive Officers.”

Other Transactions

We have granted equity awards to our executive officers. For a description of these equity awards granted to such individuals, see the section titled “Executive Compensation.” We have also granted equity awards to certain members of the Board of Directors. For a description of these equity awards, see the section titled “Non-Employee Director Compensation.”

Policies and Procedures for Related-Person Transactions

Our Board of Directors has adopted a written related-person transaction policy setting forth the policies and procedures for the review and approval or ratification of related-person transactions. This policy will cover, with certain exceptions set forth in Item 404 of Regulation S-K under the Securities Act, any transaction, arrangement

or relationship, or any series of similar transactions, arrangements or relationships in which we were or are to be a participant, where the amount involved exceeds \$120,000 and a related person had or will have a direct or indirect material interest, including, without limitation, purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness and employment by us of a related person. In reviewing and approving any such transactions, our Audit Committee is tasked to consider all relevant facts and circumstances, including, but not limited to, whether the transaction is on terms comparable to those that could be obtained in an arm's-length transaction and the extent of the related person's interest in the transaction. All of the transactions described in this section occurred prior to the adoption of this policy.

Limitation of Liability and Indemnification of Officers and Directors

Our Amended and Restated Certificate of Incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for the following:

- any breach of their duty of loyalty to our company or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or
- any transaction from which they derived an improper personal benefit.

Any amendment to, or repeal of, these provisions will not eliminate or reduce the effect of these provisions in respect of any act, omission or claim that occurred or arose prior to that amendment or repeal. If the Delaware General Corporation Law is amended to provide for further limitations on the personal liability of directors of corporations, then the personal liability of our directors will be further limited to the greatest extent permitted by the Delaware General Corporation Law.

In addition, our Amended and Restated Bylaws provide that we will indemnify, to the fullest extent permitted by law, any person who is or was a party or is threatened to be made a party to any action, suit or proceeding by reason of the fact that he or she is or was one of our directors or officers or is or was serving at our request as a director or officer of another corporation, partnership, joint venture, trust, or other enterprise. Our Amended and Restated Bylaws provide that we may indemnify to the fullest extent permitted by law any person who is or was a party or is threatened to be made a party to any action, suit, or proceeding by reason of the fact that he or she is or was one of our employees or agents or is or was serving at our request as an employee or agent of another corporation, partnership, joint venture, trust or other enterprise. Our Amended and Restated Bylaws also provide that we must advance expenses incurred by or on behalf of a director or officer in advance of the final disposition of any action or proceeding, subject to very limited exceptions.

We have entered into, and in the future plan to enter into, agreements to indemnify our directors and executive officers. These agreements, among other things, require us to indemnify these individuals for certain expenses (including attorneys' fees), judgments, fines and settlement amounts reasonably incurred by such person in any action or proceeding, including any action by or in our right, on account of any services undertaken by such person on behalf of our company or that person's status as a member of our Board of Directors to the maximum extent allowed under Delaware law.

Related Person Transaction Policy

Our Board of Directors adopted a written related person transactions policy providing that transactions with our directors, officers and holders of five percent or more of our voting securities and their affiliates must be approved by our Audit Committee. This policy became effective on June 17, 2020. Pursuant to this policy, the Audit Committee has the primary responsibility for reviewing and approving or disapproving "related person transactions," which are transactions between us and related persons and in which a related person has or will have a direct or indirect material interest. For purposes of this policy, a related person is defined as a director, executive officer, nominee for director, or greater than 5% beneficial owner of our common stock, in each case since the beginning of the most recently completed year, and their immediate family members.

TABLE OF CONTENTS

As appropriate for the circumstances, the Audit Committee will review and consider:

- the related person's interest in the related person transaction;
- the approximate dollar amount involved in the related person transaction;
- the approximate dollar amount of the related person's interest in the transaction without regard to the amount of any profit or loss;
- whether the transaction was undertaken in the ordinary course of our business;
- whether the terms of the transaction are no less favorable to us than terms that could have been reached with an unrelated third party;
- the purpose of, and the potential benefits to us of, the related-party transaction; and
- any other information regarding the related-party transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.
